13TH YEAR. NO. 303.

EAST LIVERPOOL, O., FRIDAY, JUNE 3, 1898.

TWO CENTS

DONS HUNGRY.

Almost on Verge of Starvation at Santiago.

BATTLE SOON EXPECTED.

Sampson Off the City and Insurgents Near In Force.

THE REBELS ARE WELL ARMED.

War Department, Through Captain Dorst, Has Supplied Them With Weapons and Ammunition—Headquarters of General Garcia Distant About 75 Miles From the Place—An Attack May Be Made Without Waiting on the United States Troops From Tampa—The Spanish Government Protests Against the Shipping of Canadian Coal For Use of Our Warships—Understood It Was of No Avail.

PORT AU PRINCE, June 3.—The report of an attack upon Santiago by the insurgents is not confirmed and appears to be without foundation.

CAPE HAITIEN, Haiti, June 3.—No direct news was received here yesterday from Santiago de Cuba except a reiteration of the reports of the dreadful destitution of the inhabitants there.

It is said that now even the officials are unable to procure a normal supply of food.

WASHINGTON, June 3.—It was plainly noticeable at the navy department yesterday that the officials were expecting news of the first importance, but that they did not look for it immediately. The firmness with which they have insisted that Schley could have had no general engagement with the Spanish forces, ships and forts at Santiago, as was reported, appeared to be based on a full knowledge of the plans under which the commodore is acting, and the greatest concession that they would make towards admitting that a fight had taken place there Tuesday was to say that possibly Schley had detected some earthworks going up and had razed them with his shells. They were confident he had made no attempt to enter the harbor.

It is believed now, however, with Sampson in the field and in command off Santiago, with an augmented force that interesting events may be looked for. These are expected, too, notwithstanding the fact that no troops have yet started from Tampa, as was established by inquiry at the war department. The insurgents are known to be in force in the neighborhood of Santiago, and through Captain Dorst, the war department not only has been in communication with them, but has supplied them fully with good weapons and an abundance of ammunition. The headquarters of the best of the Cuban generals, Garcia, are distant from Santiago only about 75 miles, so that it is possible Sampson feels strong enough with their support to begin the assault by sea upon the doomed Spanish fleet and forts, without awaiting the arrival of the United States troops from Tampa.

The trend of the news that came to Washington from unofficial sources yesterday all went to support this belief, so there is some ground for the expectation of the officials that important information may be expected shortly.

The Spanish government has made a protest to the British authorities against the shipping of Canadian coal from British North America to San Francisco for the relief of the ships of Admiral Dewey's fleet at Manila and also against the shipping of coal from Nova Scotia to Atlantic ports for use by United States warships operating in the West Indies.

It is understood, however, that Spain's protest has not proved of any avail. The subject was referred to the Canadian authorities, who, upon investigation, learned that the coal shipments, both from British North America and from Nova Scotia, were in the ordinary course of commercial transaction. They were made by private parties in Canada to private parties in the United States. Whether the coal subsequently passed into the hands of the United States government for use by the American navy, was held to be outside of the province of the British and Canadian authorities.

THE SANTIAGO FIGHT.

Another Account of the Engagement. More Serious Work Expected This Week.

ON BOARD THE DISPATCH BOAT DANDY, PORT ANTONIO, Jamaica, June 2.—For an hour Tuesday afternoon the Massachusetts, Iowa, New Orleans and Vixen of Commodore Schley's squadron exchanged shots with the Spanish fleet, under Admiral Cervera, and with the land batteries guarding the harbor of Santiago de Cuba, behind which the Spanish fleet is hiding.

The engagement was the first that has occurred between the two naval forces and was but a prelude to serious work in the latter part of the week.

No attempt was made by the American commander to bring on a general engagement, it being his desire to locate the batteries on the hills above the harbor and to determine the position of the Spanish forts.

Shortly before 10 o'clock Commodore Schley left the Brooklyn for the Massachusetts, on board of which battleship he remained during the fighting.

At 1 o'clock the signal to form column was hoisted on the Massachusetts and the New Orleans, Iowa and Vixen fell in the order named.

The Massachusetts led. When she had passed the harbor entrance by 500 yards a great cloud of white and yellow smoke burst from the two 13-inch guns in her after turret and two shells rose over the hill, one of them striking the Spanish flagship Cristobal Colon full and fair as she lay at her anchorage and the other falling close alongside.

The two guns on the forward turret were then fired, and their shell in exploding threw up great jets of spray close to the Colon.

All the shore batteries took up the challenge and began a rapid fire on the Massachusetts. But she was soon beyond their range, and the batteries thereupon turned their guns on the New Orleans. This cruiser had been directed to pay attention to the batteries and to draw their fire as much as possible, and she obeyed her instructions.

Her first shot located a large battery on the hill above the Morro. It flew straight into the fort and must have caused much damage, as a great cloud of dust and debris rose as a shell burst. A couple more shots sent part of the walls of Morro flying into the air and then the New Orleans confined herself to the batteries, her fire being rapid and extremely accurate.

The Iowa came next and like the Massachusetts devoted her attention to the ships lying within the harbor. Her 12-inch shells made the water fly all around that part of the harbor in which the Cristobal Colon lay. The latter, however, was not seriously damaged, and kept up her fire until long after the American ships steamed out of range.

After the Vixen had passed the forts, the Massachusetts turned again to the westward, followed by the other ships in the same order with the exception of the Vixen.

After the Massachusetts had passed the point where she could fire into the harbor with advantage, she turned to the open sea, the other vessels following her. That fight was over as far as the Americans were concerned.

Spanish honor, however, demanded that some further destruction of gunpowder be made, and the ships boomed and the batteries roared long after the American vessels were entirely out of range.

It is likely that the latter part of the week will see more serious work. The dynamite cruiser Vesuvius is coming and an attempt will be made by her to explode the triple row of mines extending across the harbor mouth. With these out of the way, Commodore Schley will likely sail into the harbor for a death grapple with the fleets and batteries.

FAITHFUL SAILORS.

Captain Clark Tells of the Fine Spirit Among the Oregon's Officers and Crew.

WASHINGTON, June 3.—The navy department made public the following extract from a report to the department made by Captain Clark of the Oregon on the extraordinary run of that ship around two continents.

It is gratifying to call the department's attention to the spirit aboard this ship in both officers and men. This can best be described by referring to instances such as that of the engineer officers in voluntarily doubling their watches when high speed was to be

CAPTAIN CHARLES E. CLARK.

made, to the attempt of men to return to the fireroom after being carried out of it insensible and to the fact that most of the crew who were working by watches by day and night at Sandy point, preferred to leave their hammocks in the nettings until they could get the ship coaled and ready to sail from Sandy point.

MISS BARTON ANXIOUS TO WORK.

NEW YORK, June 3.—Miss Clara Barton, having completed her conferences with the central Cuban relief committee and the New York Red Cross relief committee in this city, desires to return to Tampa as soon as possible, in charge of the relief ship State of Texas.

ACTIVE AT TAMPA.

Work of Preparing Army Continues With Vigor.

A NAVAL FIGHT AWAITED.

Cervera's Fate Likely to Decide Time of Invasion.

CAPT. DORST REPORTS SUFFERING

Describes the Condition of the Women and Children He Saw, While on the Florida Expedition, as Pitiable in the Extreme—Scarcely Any of the Women Had More Than a Single Garment. Many of the Children Absolutely Naked and Their Appeals For Food Were Heartrending—General Miles Made a Tour of Inspection—Roosevelt's Rough Riders Reach Tampa.

TAMPA, Fla., June 3.—With the establishment of general army headquarters at Tampa, and with Major General Miles on the ground personally directing the movements of the army, affairs here, almost stagnant for some time, have again taken on a considerable degree of activity, but no embarkation of troops has as yet taken place from this point.

Although the work of preparing the army for the campaign continues with unabated vigor until the fate of the powerful Spanish fleet is settled no orders for the invasion of Cuba are expected. Admiral Cervera is apparently the unknown quantity in this problem of war. When he is disposed of it is probable the opportunity the army has so long waited for will come, and come quickly.

Captain J. K. Dorst, who was in charge of the recent expedition on the steamer Florida, describes the condition of the women and children as pitiable in the extreme. When the steamer Florida reached Point Banes, on the north coast of Cuba, where the supplies of arms, ammunitions and provisions were landed, it was met by a crowd of perhaps 800 pacificos, many of them emaciated to the last extremity by long privations.

Nearly half of these unfortunates were women and, according to Captain Dorst, scarcely one of them had more than a single garment, and that in tatters. Many of the children were absolutely naked, and their appeals for food when the first boat from the Florida landed on the beach were heartrending. As far as possible the crews of the Florida and her consort, the Osceola, have supplied the pacificos' wants, even giving away their underclothing.

General Nelson A. Miles, with several members of his staff, yesterday made a tour of inspection of the various regular and volunteer camps around Tampa. The main camp at Palmetto Beach was visited late in the afternoon. General Miles reviewing a brigade drill of the Thirty-second Michigan and First Florida regiments.

Colonel Leonard Woods' volunteer regiment of cavalry, better known as Roosevelt's rough riders, 960 men all told, arrived in Tampa last night and bivouacked in the city.

ABOUT \$600,000,000 A YEAR.

Mr. Cannon Makes a Statement of Probable Cost of War.

WASHINGTON, June 3.—Mr. Cannon, in explaining the urgent deficiency bill in the house yesterday, said about \$600,000,000 would be a safe and conservative estimate of the cost of war for a year, if it lasted that long.

PRESIDENT LOVE'S EXPLANATION.

Tells Why the Letter Was Sent to Spain by the Universal Peace Union.

PHILADELPHIA, June 3.—"We simply expressed our sympathy for the queen regent in her embarrassing position, well knowing that should she accept our suggestion she would expose herself and her son to rebellion among her subjects and to possible assassination."

This is the assertion made in the explanation which the Universal Peace union, through its president, Alfred H. Love, has made to councils and to the public as to the reasons that impelled it to send a letter of condolence to the queen regent and Premier Sagasta of Spain, and to allow a flag of Spain to hang upon the walls in Independence hall.

The "justification" is addressed to Mayor Warwick, Director Riter and the members of select and common council. It is signed by President Love and Secretary Hastings. After setting forth the reasons that called the letter forth and the belief of the society that "war is a relic of barbarism and that it is its duty to prevent strife and promote peace," it declares that the society "is not and never has been disloyal or unpatriotic," and that "it has exerted no little influence in the past in public affairs which have brought peace and happiness to its citizens."

The flag was a small one, he said, and

a part of the exhibit sent to the Chicago exposition. They had not thought about taking it down.

NEW PLANT PROJECTED.

Land Said to Have Been Bought For H. C. Frick and Others.

CHICAGO, June 3.—The Economist says today: Samuel H. Waddell of Pittsburg, acting for others, has bought 300 acres of land at East Chicago, fronting on Lake Michigan and the waterway from the Calumet river to the lake, and it is announced from Pittsburg that on this site is to be erected one of the largest steel plants in the world, consisting of blast furnaces, steel rail and structural steel mills and other appurtenances of a great concern of that class.

The works should give employment to 2,000 men at first and later on to twice that number. A harbor is to be constructed at the mouth of the present waterway, and ore for the furnaces will be brought from the Lake Superior mines by boats. The enterprise is supported by practically unlimited capital, and among the projectors is H. C. Frick, now the most prominent man actively interested in the Carnegie Steel works at Pittsburg.

POWELL IS MANAGER.

He Will mould the Destinies of the Ball Team.

The baseball club met last evening and organized by electing John Powell manager and John Godwin captain. The team will go to Rochester tomorrow and will lineup as follows: Davis, catcher; Godwin, pitcher; Heckathorn, first; McNicol, second; Hester, third; Smurthwaite, short; Finch, left; Barker, middle; Clark, right. An effort will be made to strengthen the team in every possible way, and it is probable that Godwin will play third base the balance of the season, and will thus greatly strengthen the club, as it has been sadly in need of a good third baseman.

Winnie Mercer yesterday won a game from Louisville by a score of 13 to 4. The Louisville team made 10 hits from his delivery but they were scattered. His individual record was two hits and one put out.

FOR THE LEGISLATURE.

Squire Hill Is Looked Upon as a Pronounced Candidate.

Justice E. W. Hill, who is well known to a great many people in the city, will next year be a candidate for the legislature.

Mr. Hill is a firm Republican who has worked hard in the interests of the party, and his friends in Liverpool can see no reason why he should not be recognized. The squire also has many friends throughout the county who will aid him at the proper time.

THE CONCERT.

Excellent Music at the Grand Last Evening.

The concert given at the Grand Opera House last evening was not largely attended but the music was very good. Particularly can this be said of the chorus, made up of many of the best singers of the city. They had been trained by Professor Harper, and did well.

Mr. Morris and Mr. Boyd, of Pittsburg, were well received.

NOT HIS FAULT

Because Engineer George Put a Stop to the Work.

The time limit for completing the sidewalks on Jethro street was set for December 17, 1897, but the pavements are not finished yet, and the contractor comes in for much undeserved censure.

Councilman Olnhausen proposed to call the attention of council to the matter, but upon investigation discovered that the delay was caused by Engineer George in putting in the sewer.

FROM DRINK AND VICE.

Non-Partisan W. C. T. U. Urges College Faculties to Guard Students.

WASHINGTON, June 3.—The general officers and a large number of national secretaries of departments and state officers of the Non-Partisan National Woman's Christian Temperance union have issued a circular letter to the presidents and faculties of American colleges urging the importance of guarding their students from the temptation of drink and vice.

Evangelical Lutheran Celebration.

PHILADELPHIA, June 3.—The celebration of the one hundred and fiftieth anniversary of the Evangelical Lutheran ministry of Pennsylvania and adjacent states was begun here yesterday. The jubilee will continue until the 20th inst. Five hundred churches with a total membership of 125,410 are represented.

AFTER THEIR DAUGHTER

Mr. and Mrs. Gribben Caused the Arrest of John Cain.

NO CHARGE IS YET ENTERED

They Claim to Have Evidence That He Sent the Girl Away From Home—A Bundle of Her Clothes Were Found—Cain Denies All Knowledge of the Girl.

Mayor Bough was called upon to consider an unusual case this afternoon.

This morning complaint was made to the police against John Cain and he was arrested on suspicion. Nothing could be found against him and he was released. At noon he was again arrested and locked up.

The complaint was made by Mrs. Maggie Gribben, of Huston addition, who told an interesting story. She alleged that Cain had long been in love with her 16 year old daughter, but she and her husband, Mark Gribben, always did their best to keep them apart. On Monday evening the daughter disappeared and nothing has since been heard of her. Two brothers are in Youngstown endeavoring to locate her. It developed recently that Miss Mary McClain saw Cain put the girl on the evening train for Toronto Monday, and when the news reached the Gribben family they at once had Cain arrested. They could show no evidence until a short time before noon when a bundle of the girl's clothing was found in an old kiln at the Brunt pottery. That caused Cain's arrest again.

The parents claim the girl was kidnapped, but Mayor Bough at a late hour said no charge had been made out. Cain claims he knows nothing about the girl.

ROBBERY AT ROGERS.

The Thieves Were Tracked Four Miles by the Sheriff's Hounds.

LISBON, June 3.—[Special]—The post office at Rodgers was robbed about 2 o'clock this morning and \$200 in currency taken.

The blowing open of the safe awakened Postmaster Huston, who lives across the street, and going to the window he saw two men come out of the building. He fired at them, and it is thought one of them was struck by a shot for he fell while running down the road. Sheriff Gill and two blood hounds were soon on the trail, and the men were tracked through East Carmel when no more trace could be found. Sheriff Gill returned home this afternoon and stated that about \$125 in stamps had also been stolen.

PEOPLE OBJECT

When Drivers Tie Horses to Their Shade Trees.

Parties who own shade trees in the city have a complaint to make. Drivers of delivery wagons as a rule are not very careful where they stand their horses in the street, and when they return discover the animal has broken a limb off the tree, but they drive away very much unconcerned.

Yesterday afternoon a horse broke several limbs from a tree in Seventh street, and the resident spent several hours trying to find the owner of the horse. The owner of the tree declares that he will see that the party is brought to justice as he does not propose to have his trees ruined.

HOSPITAL COMMITTEE

Is Patiently Waiting For the Action of Council.

The hospital committee will not hold any meetings until after council has taken some action on their petition asking that the people be given another chance to vote on the bond issue. Should council fail to grant the request the committee will then endeavor to see what they can do toward raising the required amount to build the hospital.

There is not much doubt but that council will grant the desired request, as the committee have agreed to pay all the expenses of the election.

Prices Are Advancing.

CHICAGO, June 2.—[Special]—The prices of wheat are still advancing, and June wheat is going skyward. The prices prevailing today were June wheat opened at 1.10. Closed at 1.12½. July opened 92 to 93½. Closed at 94. Lowest 91½. September opened at 97½. Lowest 97½. Closed at 98½. Corrected by J. R. Mossgrove & Co.

Evangelical Lutheran Celebration.

PHILADELPHIA, June 3.—The celebration of the one hundred and fiftieth anniversary of the Evangelical Lutheran ministry of Pennsylvania and adjacent states was begun here yesterday. The jubilee will continue until the 20th inst. Five hundred churches with a total membership of 125,470 are represented.

AFTER THEIR DAUGHTER

Mr. and Mrs. Gribben Caused the Arrest of John Cain.

NO CHARGE IS YET ENTERED

They Claim to Have Evidence That He Sent the Girl Away From Home—A Bundle of Her Clothes Were Found—Cain Denies All Knowledge of the Girl.

Mayor Bough was called upon to consider an unusual case this afternoon.

This morning complaint was made to the police against John Cain and he was arrested on suspicion. Nothing could be found against him and he was released. At noon he was again arrested and locked up.

The complaint was made by Mrs. Maggie Gribben, of Huston addition, who told an interesting story. She alleged that Cain had long been in love with her 16 year old daughter, but she and her husband, Mark Gribben, always did their best to keep them apart. On Monday evening the daughter disappeared and nothing has since been heard of her. Two brothers are in Youngstown endeavoring to locate her.

It developed recently that Miss Mary McClain saw Cain put the girl on the evening train for Toronto Monday, and when the news reached the Gribben family they at once had Cain arrested. They could show no evidence until a short time before noon when a bundle of the girl's clothing was found in an old kiln at the Brunt pottery. That caused Cain's arrest again.

The parents claim the girl was kidnapped, but Mayor Bough at a late hour said no charge had been made out. Cain claims he knows nothing about the girl.

ROBBERY AT ROGERS.

The Thieves Were Tracked Four Miles by the Sheriff's Hounds.

LISBON, June 3.—[Special]—The post office at Rodgers was robbed about 2 o'clock this morning and \$200 in currency taken.

The blowing open of the safe awakened Postmaster Huston, who lives across the street, and going to the window he saw two men come out of the building. He fired at them, and it is thought one of them was struck by a shot for he fell while running down the road. Sheriff Gill and two blood hounds were soon on the trail, and the men were tracked through East Carmel when no more trace could be found. Sheriff Gill returned home this afternoon and stated that about \$125 in stamps had also been stolen.

PEOPLE OBJECT

When Drivers Tie Horses to Their Shade Trees.

Parties who own shade trees in the city have a complaint to make. Drivers of delivery wagons as a rule are not very careful where they stand their horses in the street, and when they return discover the animal has broken a limb off the tree, but they drive away very much unconcerned.

Yesterday afternoon a horse broke several limbs from a tree in Seventh street, and the resident spent several hours trying to find the owner of the horse. The owner of the tree declares that he will see that the party is brought to justice as he does not propose to have his trees ruined.

HOSPITAL COMMITTEE

Is Patiently Waiting For the Action of Council.

The hospital committee will not hold any meetings until after council has taken some action on their petition asking that the people be given another chance to vote on the bond issue. Should council fail to grant the request the committee will then endeavor to see what they can do toward raising the required amount to build the hospital.

There is not much doubt but that council will grant the desired request, as the committee have agreed to pay all the expenses of the election.

Prices Are Advancing.

TEASED HIS CHILD.

Then Whipped It Severely Because It Objected.

Yesterday afternoon a case of extreme cruelty was reported to the Humane society.

A man living in McKinnon addition for sometime has been abusing his child until the neighbors could not stand it, and they notified the Humane society. The case was investigated, and it was found the man would tease the child until it would cry, and then he would whip and shake it to make it stop. Black and blue marks were found upon it, and the Humane officer notified the offender that if he again abused the child they would have him arrested, and see that he was given the full extent of the law.

The fellow promised to behave himself in the future, and the neighbors say that they will see that he keeps his promise.

REMEMBERED CAPTAIN PALMER.

The American Mechanics Took Suitable Action Last Night.

Last evening at the meeting of General George H. Thomas council, American Mechanics, it was decided unanimously in recognition of the service and patriotism of Color Bearer Palmer, Tenth Pennsylvania Volunteer Infantry, to pay his dues in the organization while he was serving his country, thus keeping him subject to all benefits.

The act was one of commendation of his action, and a committee was appointed to draft suitable resolutions to be presented at the next meeting.

FLOWER THIEVES AGAIN

They Are Annoying a Great Many Residents.

SEVERAL VERY NARROW ESCAPES

The Parties Did Not Know They Were Being Watched and Only Escaped by Their Agility—The Matter Will Be Reported to Mayor Bough Very Soon.

It is probable that Mayor Bough will in the near future be asked to have the police force keep a sharp lookout for the flower thieves who are despoiling lawns and making themselves obnoxious in all parts of the city.

The story is an old one to every resident who attempts to decorate his lawn with flowers, but this year it seems as though the nuisance has become more pronounced than ever and a number of citizens have complaints to register.

At a prominent residence the other evening several young scamps climbed the fence and began to tear great bunches of flowers from a snow ball bush. They did not confine themselves to the flowers, but almost ruined the bush. The owner chanced to be near, but had no weapon. He says some one would now be nursing a sore arm had he been armed.

A number of other cases of a similar nature are reported, and in every instance the thieves have destroyed more than they have taken away. It is the intention of parties who have been injured and a number who have not, to take the matter to Mayor Bough. They hope he will instruct every officer to keep a close watch, and if culprits are caught that he will give them so salty a dose it will put an end to the practice.

AN AVONDALE ROW

Took Two Firemen to the Upper Part of Town.

A telephone message was sent to the fire station at 9 o'clock last night to the effect that a fight was in progress in Avondale street, and that officers be sent immediately to quiet the disturbance.

Officers McCullough and Woods were detailed, and upon investigation found that Edgar Kelly, the youth who was arrested for stone throwing several weeks ago, was having some trouble with a number of companions. The officers called at the Kelley home, and requested that the boy be kept at home, or other measures would be taken to see that he was taken from the street. No arrests were made.

THE BICYCLE ORDINANCE

Should Be Enforced or Some One Will Be Hurt.

The impression is general that the authorities should enforce the bicycle ordinance, or the city will be shocked by an accident.

ARE ALL IN LISBON

Observing the Ninetieth Anniversary

OF MR. ALEXANDER WELLS

Children and Grandchildren Have Assembled at the Home of Judge Wells to Commemorate the Occasion—All the News of Wellsville.

The following special received this morning from Lisbon will be read with interest by many Wellsville people:

Alexander Wells, of Wellsville, with all his children, five sons and two daughters, and 15 grandchildren, are all here today spending the day with his son Judge W. G. Wells, celebrating his 90th anniversary.

Mr. Wells was born in Washington county, Pa., in 1808; and his sons are H. C. Wells, W. G. Wells, A. H. Wells, E. H. Wells and Marcellus Wells. The daughters are Mrs. Maggie Taylor and Mrs. Helen Arnold.

Always upon these occasions Mr. Wells gives sketches of his life, and the time is always spent very pleasantly.

The Alumni Banquet.

The alumni meeting last night at city hall was a very pleasant affair. A program was rendered which was much enjoyed. They then adjourned to Bunting's banquet hall. After refreshments there were toasts and responses. Many very neat impromptu speeches were made, both grave and gay.

The following officers were elected: C. R. McGregor, president; Dr. C. M. Tarr, vice president; Miss Sue Stevenson, secretary; Charles T. Boyd, treasurer; Wilbur Snediker, toast-master.

Going to Cincinnati.

A pleasant party has been arranged for a trip to Cincinnati on the Virginia. They will leave tomorrow evening the 4th, and return next Friday:

Mrs. Hamlin Barnes, Miss Alice Barnes, Miss Mary E. Davidson, Miss Dee A. Andrews, Miss Nannie M. Stevenson, Miss Sue C. Stevenson, Miss Mary J. Stoakes, Miss Maude E. McGregor, Miss Mabel Boyd, Mrs. Ross A. Noble, and R. W. Sample and B. Ansley, of East Liverpool, constitute the party.

Silver-Reager.

Mr. T. H. Silver and Miss Mamie Reager were married last evening at the home of the bride by the Rev. Dr. Reager. Only the immediate families were present.

The happy young couple have taken to housekeeping at the handsome home of the groom in Front street. They have many friends to wish them happiness.

Resigned His Position.

W. L. Fogo handed his resignation to the Cleveland and Pittsburg company last night. Mr. Fogo was in the employ of the railroad for ten years, and has been a favorite with the company and also with the traveling public. He was passenger brakeman on the river division.

Squire Riley's Court.

The case of James Parker against Martin Barth for \$21, balance due on account, was set for 9 o'clock today. In the case of Simpson versus Abrams, no defense was made, judgment of \$27 was given for plaintiff.

The News of Wellsville.

Mrs. G. F. Phillips, of Hanoverton, is visiting L. A. Crawford.

Mrs. Harry Thompson, has returned from her trip to Logansport, Ind., bringing with her Mr. Thompson's mother for a visit.

Mrs. W. O. McMannis and her sister Miss Wood, of Martin's Ferry, went to Irondale yesterday afternoon to visit their brother J. W. Wood, the photographer, of that place.

Mrs. Rev. C. L. Cartwright, of New Castle, Pa., who has been visiting the family of J. J. Dowling, returned to her home yesterday afternoon.

Mrs. Ella Chandler and her daughter, Miss Mabel, took the afternoon train for Salineville, where the family will make their future home.

Miss Jane Hayes, of Moscow, W. Va., was doing shopping in town yesterday.

James Ewing, who has been here since the death of his mother, Mrs. Hannah Ewing, left yesterday for his home in Chatanooga, Tenn.

Miss Kingan left for her home in Tecumseh, Michigan, yesterday afternoon, where she will spend her summer vacation.

A French Way to Cure Baldness.

A French surgeon announces a novel cure for baldness, which, however, is only within the reach of the wealthy. The first thing is to find some poor, starving wretch with a fine head of hair of the color which the patient desires. The former having consented to part with his hair for a stipulated sum, the doctor scalps the pair delicately and applies the hairy scalp of the subject to the bald client, and vice versa. With luck the graft is said to be a success.—New York Sun.

A French Way to Cure Baldness.

A French surgeon announces a novel cure for baldness, which, however, is only within the reach of the wealthy. The first thing is to find some poor, starving wretch with a fine head of hair of the color which the patient desires. The former having consented to part with his hair for a stipulated sum, the doctor scalps the pair delicately and applies the hairy scalp of the subject to the bald client, and vice versa. With luck the graft is said to be a success.—New York Sun.

UNION PAPERS.
 All Union papers of East Liverpool are
 known to the various craft and unions of
 the city by the printing of the above
 Union Label at the head of their columns.

EAST LIVERPOOL, O., FRIDAY, JUNE 3.

"REMEMBER THE MAINE."

THE American soldier would fight
 with more vigor in Cuba if Weyler in-
 stead of Blanco commanded the Spanish.

If it is really true that East Liverpool
 is to be asked to contribute more men
 for the Eighth, the recruiting officer
 who comes to this place will have an
 easy time. The Crookery City seems to
 have a practical kind of patriotism which
 means good soldiers and plenty of them.

THE peace association is attempting
 to explain for that letter of condolence
 it recently sent to the queen regent, but
 it will fail to attract much attention.
 The country has little use for such peo-
 ple at this time, stopping only for a
 moment to think that they are now
 called "peace advocates" where once
 they were known as traitors.

If the Republicans of Ohio are to
 carry the state by a big majority next
 fall, and send to congress a strong dele-
 gation for the support of President Mc-
 Kinley, these factional fights must be
 laid on the shelf for the present. The
 people do not like them at this time,
 and will not sympathize with any move-
 ment which has for its object a big row
 at the convention.

THE AMERICAN SEAMAN.

There has not been a time since the
 war began when the officers and men
 who man Columbia's fleets have not
 done their full duty, and in some in-
 stances they have done more than their
 duty. Manila, Cardenas, Cienfuegos
 and Santiago are new names in the
 annals of our navy but they are names
 that will long be remembered. Each
 one is attached to some deed of daring,
 some action to show the American tar
 the equal of any tar that sails the seas.

SPANISH PATRIOTISM.

Spanish patriotism seems confined
 principally to paper, and there is reason
 to believe the great demonstrations we
 have heard so much about were nothing
 more than censored dispatches sent out
 from Madrid for the benefit of Europe.
 The other day the business men of a
 leading seaport were asked to contribute
 a certain sum for its defense, and they
 promptly replied that they would ban-
 quet the Yankee admiral if he came to
 their city. That does not sound so much
 like patriotism.

A DAY IN WASHINGTON

Soldier Boys Saluted Notables Everywhere

AND SPENT A PLEASANT TIME

They saw the President and He Smiled When He Noticed They Were From the Eighth—Money Is Expected Every Day. Incidents of a Heavy Rain.

CAMP ALGER, June 2.—[Special]—A great many members of the Eighth are resting whenever they can these days for they have had a trip to Washington, and have seen all the sights of the country's great capital.

Passes were issued to the boys with the order that they be inside the lines before tattoo, but there are a large number who may have to do fatigue duty because the car companies could not handle the crowd on the return to camp. Company E did its best and only a few will ask the colonel for leniency.

The boys saw everything worth seeing in the city and conducted themselves in a manner calculated to reflect credit on the state. The Pennsylvania boys, however, made things hum, and toward evening it was found necessary to bar them from all places of interest. The new congressional library with its beautiful interior decorations and relics, was the favorite resort, while the Smithsonian institute attracted great crowds. Hundreds of soldiers went to the navy yard, but were much disappointed because they could not gain admission. A squad of marines had gathered in front of the gate, and laughed at every man who attempted to enter.

The capitol is in a dilapidated state, but workmen are engaged in beautifying the interior. The pillars, steps and outside stonework are crumbling, and the relic hunter can find all the chips he desires.

Our party were loaded in a wagonette, and in our wanderings met President McKinley taking his morning drive. When he saw we were from the Eighth he had a salute and a smile for us all. We also met the Japanese minister, and his family driving in Georgetown. The gorgeously attired ladies answered our salutes by raising their many colored parasols and smiling their sweetest, while the general saluted in military manner. Secretary Alger and a number of other notables were seen.

The Eighth was called before Adjutant Maines for verification of the payroll, and we expect in a few days to handle some of Uncle Sam's dollars again. Heaven knows we need 'em.

Yes, I had almost forgotten the rain. You of Ohio think you know a good rain, but you should see a well developed storm down here in Virginia. We had one the other night. It came down in chunks about the size of a knapsack, and upon striking the ground spread in every direction. Tents not properly ditched were flooded, and in one a lone occupant was seen wrapped in his blanket, sleeping the sleep of the just, while a river in miniature rippled over his rapidly whitening feet. Many soldiers donned their ponchos, and spent the rest of the night on foot.

The Washington Post bulletined the other day the Eighth would be ordered to the Philippines, but it was found to be a joke, calculated to excite the boys.

Our health is all right, and Company E is getting along as well as any in camp.

TRUMP.

LIVERPOOL IN IT.

General Axline Has a Word About the New Company.

George Simms this morning wired General Axline at Columbus, asking what company from Columbiana county would be accepted by the state.

A short time afterward he received an answer which said the first company taken would be from East Liverpool. It had been the first command tendered the governor, and they had a rule down there that the first to come was the first served.

The information was noised about the city today and received with satisfaction by the members of the company.

NOTHING OF THE BATTLE

Commodore Schley's Official Report of the Engagement at Santiago Was Read at the Cabinet Meeting Today—He Thinks Cervera Is Safe in the Bay.

MADRID, June 3.—[Special]—Rumors have been rife here throughout the morning concerning the battle believed to have been fought at Santiago de Cuba Thursday.

It is reported the American fleet forced an entrance into the harbor after bombarding the forts, but the result of the battle is not given. Nothing is said as to whether the insurgents attacked the city.

SCHLEY'S REPORT

Was Sent to the Cabinet For Consideration Today.

WASHINGTON, June 3.—[Special]—Commodore Schley's official report of the bombardment of the outer forts at Santiago was read at the cabinet meeting today.

He says that he has every reason to believe that Admiral Cervera's entire fleet is in the harbor, as a number of ironclads have been seen by his scout boats. The bombardment was to discover the enemy's batteries and was very successful, a number being located.

Not a man on board his ships was hit, and the vessels all escaped injury.

WAS BORN IN MADRID

But Does Not Want the Newspapers to Say So

FOR FEAR OF THE PEOPLE

Who Might Think He Was After Information—The Story of a Prisoner at City Hall—He Was Arrested For Stealing a Boat Some Time Ago.

The people that are arrested in this place during a year are from all parts of the world, but there was this morning an individual from the land about which the country is just now talking. The person in question gave the name of Henry T. Miller, and his home as Madrid, Spain.

Miller and his wife were arrested at Mingo Junction yesterday afternoon by Marshal Cox, of that place, charged with stealing a skiff from Harvey Barnhart, of this place. He was given a hearing this morning, and pleaded guilty to the charge, but no sentence had been imposed.

Mayor Bough extended the courtesy of seeing the people to the reporters this morning, and in an interview Miller said:

"I was born in Madrid, but when young left that country and went to South America. From there I roamed through the West Indies and Cuba for several years. I then went back to Columbia where I married that woman." He pointed to his wife who was lying on the couch in cell No. 1. "We came to the United States about three months ago, and since that time I have been hunting for work. I do not want anything said in the newspapers because some one may think I am an individual looking for information."

Miller is tall and slim, about 28 years old, speaks English exceedingly well, and from his appearance one would judge him an American. His wife is a short stout woman and wears a blue dress.

The arrangements for the trial of Lewis Call, charged with entering a box car in the Horn switch on the night of March 26 and taking from it beer, were completed this morning.

Marshal Johnson and Detective Shiffler summoned for the prosecution Agent T. J. Thomas, Paul Siddix, Lizzie Keppart, Edna Clendenning, John Frey, William Bloor, T. M. Bradley, Mr. Kays and Mr. McFadden. For the defense Robert Stafford, Elizabeth Stafford, George Hughes, Neitta Hughes, George Ebbert, Richard Webber, John Cannon and Mr. and Mrs. Call, the boy's parents. The trial commenced this afternoon at 2 o'clock.

While Chief Johnson was in the vicinity of Walker this morning serving subpoenas he observed three men emerge from a shanty boat and start to run down the track. Thinking there was something wrong Johnson went to a telephone nearby and telephoned to the fire station and city hall for help. Officer Woods responded from the station and McMillan from city hall. When the officers were seen Johnson started back to the boat, from which the men came. It was the boat occupied by Lewis Call, Sr. The officers in the meantime had arrived, and an investigation was commenced. In a back room were found William Call, George Ebberts, and a man named Humphries. These men were the ones that ran away at the approach of Johnson when he first went down the track. Humphries was brought to city hall by Officer Woods, McMillan had Ebberts, and Call was in charge of Chief Johnson. The first two men were wanted as witnesses in the case of the railroad company against Lewis Call for stealing beer. Against Call there is an old charge of stealing copper wire from the street railroad company early in the year. Detectives have been on the track of Call since the time the robbery was committed. His case will be disposed of this evening.

A DAY IN WASHINGTON

Soldier Boys Saluted Notables Everywhere

AND SPENT A PLEASANT TIME

They saw the President and He Smiled When He Noticed They Were From the Eighth—Money Is Expected Every Day. Incidents of a Heavy Rain.

CAMP ALGER, June 2.—[Special]—A great many members of the Eighth are resting whenever they can these days for they have had a trip to Washington, and have seen all the sights of the country's great capital.

Passes were issued to the boys with the order that they be inside the lines before tattoo, but there are a large number who may have to do fatigue duty because the car companies could not handle the crowd on the return to camp. Company E did its best and only a few will ask the colonel for leniency.

The boys saw everything worth seeing in the city and conducted themselves in a manner calculated to reflect credit on the state. The Pennsylvania boys, however, made things hum, and toward evening it was found necessary to bar them from all places of interest. The new congressional library with its beautiful interior decorations and relics, was the favorite resort, while the Smithsonian institute attracted great crowds. Hundreds of soldiers went to the navy yard, but were much disappointed because they could not gain admission. A squad of marines had gathered in front of the gate, and laughed at every man who attempted to enter.

The capitol is in a dilapidated state, but workmen are engaged in beautifying the interior. The pillars, steps and outside stonework are crumbling, and the relic hunter can find all the chips he desires.

Our party were loaded in a wagonette, and in our wanderings met President McKinley taking his morning drive. When he saw we were from the Eighth he had a salute and a smile for us all. We also met the Japanese minister, and his family driving in Georgetown. The gorgeously attired ladies answered our salutes by raising their many colored parasols and smiling their sweetest, while the general saluted in military manner. Secretary Alger and a number of other notables were seen.

The Eighth was called before Adjutant Maines for verification of the payroll, and we expect in a few days to handle some of Uncle Sam's dollars again. Heaven knows we need 'em.

Yes, I had almost forgotten the rain. You of Ohio think you know a good rain, but you should see a well developed storm down here in Virginia. We had one the other night. It came down in chunks about the size of a knapsack, and upon striking the ground spread in every direction. Tents not properly ditched were flooded, and in one lone occupant was seen wrapped in his blanket, sleeping the sleep of the just, while a river in miniature rippled over his rapidly whitening feet. Many soldiers donned their ponchos, and spent the rest of the night on foot.

The Washington Post bulletined the other day the Eighth would be ordered to the Philippines, but it was found to be a joke, calculated to excite the boys.

Our health is all right, and Company E is getting along as well as any in camp.

LIVERPOOL IN IT.

General Axline Has a Word About the New Company.

George Simms this morning wired General Axline at Columbus, asking what company from Columbiana county would be accepted by the state.

A short time afterward he received an answer which said the first company taken would be from East Liverpool. It had been the first command tendered the governor, and they had a rule down there that the first to come was the first served.

The information was noised about the city today and received with satisfaction by the members of the company.

Don't Like the Rates.

The committee having in charge the securing of grounds for Labor Day are communicating with the managers of the various parks in this section, and unless they secure better rates it is probable the celebration this year will be held out of the city.

NOTHING OF THE BATTLE

Commodore Schley's Official Report of the Engagement at Santiago Was Read at the Cabinet Meeting Today—He Thinks Cervera Is Safe In the Bay.

MADRID, June 3.—[Special]—Rumors have been rife here throughout the morning concerning the battle believed to have been fought at Santiago de Cuba Thursday.

It is reported the American fleet forced an entrance into the harbor after bombarding the forts, but the result of the battle is not given. Nothing is said as to whether the insurgents attacked the city.

SCHLEY'S REPORT

Was Sent to the Cabinet For Consideration Today.

WASHINGTON, June 3.—[Special.]—Commodore Schley's official report of the bombardment of the outer forts at Santiago was read at the cabinet meeting today.

He says that he has every reason to believe that Admiral Cervera's entire fleet is in the harbor, as a number of ironclads have been seen by his scout boats. The bombardment was to discover the enemy's batteries and was very successful, a number being located.

Not a man on board his ships was hit, and the vessels all escaped injury.

WAS BORN IN MADRID

But Does Not Want the Newspapers to Say So

FOR FEAR OF THE PEOPLE

Who Might Think He Was After Information—The Story of a Prisoner at City Hall—He Was Arrested For Stealing a Boat Some Time Ago.

The people that are arrested in this place during a year are from all parts of the world, but there was this morning an individual from the land about which the country is just now talking. The person in question gave the name of Henry T. Miller, and his home as Madrid, Spain.

Miller and his wife were arrested at Mingo Junction yesterday afternoon by Marshal Cox, of that place, charged with stealing a skiff from Harvey Barnhart, of this place. He was given a hearing this morning, and pleaded guilty to the charge, but no sentence had been imposed.

Mayor Bough extended the courtesy of seeing the people to the reporters this morning, and in an interview Miller said:

"I was born in Madrid, but when young left that country and went to South America. From there I roamed through the West Indies and Cuba for several years. I then went back to Columbia where I married that woman." He pointed to his wife who was lying on the couch in cell No. 1. "We came to the United States about three months ago, and since that time I have been hunting for work. I do not want anything said in the newspapers because some one may think I am an individual looking for information."

Miller is tall and slim, about 28 years old, speaks English exceedingly well, and from his appearance one would judge him an American. His wife is a short stout woman and wears a blue dress.

The arrangements for the trial of Lewis Call, charged with entering a box car in the Horn switch on the night of March 26 and taking from it beer, were completed this morning.

Marshal Johnson and Detective Shiffler summoned for the prosecution Agent T. J. Thomas, Paul Siddix, Lizzie Keppart, Edna Clendenning, John Frey, William Bloor, T. M. Bradley, Mr. Kays and Mr. McFadden. For the defense Robert Stafford, Elizabeth Stafford, George Hughes, Neitta Hughes, George Ebbert, Richard Webber, John Cannon and Mr. and Mrs. Call, the boy's parents. The trial commenced this afternoon at 2 o'clock.

While Chief Johnson was in the vicinity of Walker this morning serving subpoenas he observed three men emerge from a shanty boat and start to run down the track. Thinking there was something wrong Johnson went to a telephone nearby and telephoned to the fire station and city hall for help. Officer Woods responded from the station and McMillan from city hall. When the officers were seen Johnson started back to the boat, from which the men came. It was the boat occupied by Lewis Call, Sr. The officers in the meantime had arrived, and an investigation was commenced. In a back room were found William Call, George Ebberts, and a man named Humphries. These men were the ones that ran away at the approach of Johnson when he first went down the track. Humphries was brought to city hall by Officer Woods, McMillan had Ebberts, and Call was in charge of Chief Johnson. The first two men were wanted as witnesses in the case of the railroad company against Lewis Call for stealing beer. Against Call there is an old charge of stealing copper wire from the street railroad company early in the year. Detectives have been on the track of Call since the time the robbery was committed. His case will be disposed of this evening.

Dealers Are Not Buying Much Ware.

ENGLAND SEEMS TO SUFFER

More Than Any Other of the Crockery Centers—There Is Not Much to Complain of in the Condition of Domestic Trade at Present.

China, Glass and Lamps says, in its weekly resume of the crockery trade: "Pottery products of all kinds are in very fair demand, and there is an increase in productive activity, rather than a curtailment. There has been a slackening up of orders for some weeks past, but this has been confined, rather to the bulk of business done, and has not fallen upon any one line of ware. Good semi-porcelain ware of all kinds keeps going right along, and specialties have not slowed up in proportion to regular dinner ware. Toilet ware keeps in very good demand, and all decorated goods are doing about as well as could be expected, compared with the general business outlook in the country. The imports from England have dropped off remarkably, while French china and fine German ware of certain grades have not been so largely effected. It may be this hesitancy on the part of importers to place orders abroad will only be temporary, but the fact that foreign goods are not arriving as freely as formerly must in time accrue to the benefit of the industry, and potters are showing their confidence in the future uplift of trade by persistently keeping the productive capacity of their works fully employed."

NO INTEREST SHOWN

The Primaries Will Be a Very Plain Affair.

A SMALL VOTE IS EXPECTED

There Are No Contests of Note, and Many Farmers Are Busy—Candidates Do Not Expect Much of a Battle at the Polls at Any Point Except Salem.

The county primaries will be held tomorrow, but it is doubtful if many people beyond professed politicians and those seeking endorsement know anything about the event.

A leading candidate who was in the city yesterday said: "I have been through many a campaign in Columbia county, and I have seen canvasses conducted on almost every plan, but I never knew a time when the people showed so little interest. I have talked with people who knew of the primaries, but had forgotten the date, and I have talked with some who seemed to think there was no such institution."

There are no contests, except between Mr. Adams, of Lisbon, and Mr. Sheets, of Hanover, for auditor. These gentlemen have covered the county in regulation canvassing style, but even their efforts have failed to arouse much enthusiasm.

The battle for congress is not a battle at all. Judge Johnston has done next to nothing in his part of the county, but it is understood that he is making a hard fight in Salem. Whether he will win over there remains to be seen, but the friends of Mr. Tayler say they will have a solid delegation from Columbia county for the present congressman. The delegates for each township will be chosen by the candidate carrying the township.

The polls will open at the usual hour in the afternoon, and will continue to receive votes until the customary hour in the evening.

Vote for J. F. Adams for auditor, primaries, tomorrow.

FAST DRIVING

Is Now Annoying Residents of Fourth Street.

The residents of the lower end of Fourth street are complaining because the fast drivers are now using their street for racing.

Every evening several races are held in the street, and last evening a child was run down but not seriously injured. It is probable the residents will ask that an officer be stationed in their part of the city until the practice is broken up.

CAME TOGETHER.

Two Wheelmen Went Down, but No One Was Hurt.

Early last evening a wheelmen came down Broadway and dashed into Fourth street just as a rider was moving quickly from Fourth to Broadway.

They came together with a crash, and both went down, but neither was hurt. Each picked himself up, said something under his breath and proceeded on his way.

J. F. Adams is efficient and accommodating. Vote for him at the primaries tomorrow.

NOBODY FAILED. WE DIDN'T BUY A \$50,000 STOCK FOR HALF ITS VALUE. NEW YORK ISN'T PANIC STRICKEN.

There's no lack of merit in the goods offered today. It is simply our Semi-Annual Clearance started a little earlier than usual, because increased business has necessitated increased buying which in turn has left us with more odds and ends to be disposed of, and so we start a clearance sale of all summer stock, and we propose to make a clean sweep.

CLOTHING AT THE COST OF THE CLOTH

The maker's profit, our profit, all goes toward, making the sale a success. The clearance positive and absolute.

Mens all wool suits, in neat cassimere, worsteds, and chevots, stripes, checks, plaids well made and lined, you may judge of the qualities, when we state that they are our seasons \$6, \$6.50 and \$7 grades, \$5.00 to be closed out for.....

Mens superior suits, clothing which will stand comparison to much of the so called custom work, all pure wool, the season's best patterns, or plain dressy clay worsteds and stylish serges, including many of the lots which we have been selling at \$9.75, suits which no other store in this locality, and few elsewhere sell under \$10 to \$12. In the clearance at.....

The best clothing, good as money can buy, good as most stores show for \$20, so good that we had no difficulty in getting \$14, \$15, and \$16 all season, the richest designs, or finest plain weaves, clean sweep price is even X Think of high grade, most stylish custom tailor made suits for only

Youths' or young men's suits, fit boys 14 to 19 years of age, a gathering of about 200 suits, some sold at \$3.75, some \$4.00, some \$4.50, some \$5.00 some more than \$5.00, and the clearance price for quick selling put at.....

Youths' suits to compare to the full grown men's at \$7.75, excellent all wool and stylish weaves, good dependable makes or they would not be at Erlanger's, they were the season's \$7.50, \$8.00 and \$9.00 suits, and now the choice of all is offered at

Young men's superior suits, the best in the house, every stylish weave, every stylish cut and every desirable color or shade, our best, and that means as good as you can find at any price, be it twice as much as we ask, \$12, \$13, \$14 values for

NO INTEREST SHOWN

The Primaries Will Be a Very Plain Affair.

A SMALL VOTE IS EXPECTED

There Are No Contests of Note, and Many Farmers Are Busy—Candidates Do Not Expect Much of a Battle at the Polls at Any Point Except Salem.

The county primaries will be held tomorrow, but it is doubtful if many people beyond professed politicians and those seeking endorsement know anything about the event.

A leading candidate who was in the city yesterday said: "I have been through many a campaign in Columbiana county, and I have seen canvasses conducted on almost every plan, but I never knew a time when the people showed so little interest. I have talked with people who knew of the primaries, but had forgotten the date, and I have talked with some who seemed to think there was no such institution."

There are no contests, except between Mr. Adams, of Lisbon, and Mr. Sheets, of Hanover, for auditor. These gentlemen have covered the county in regulation canvassing style, but even their efforts have failed to arouse much enthusiasm.

The battle for congress is not a battle at all. Judge Johnston has done next to nothing in his part of the county, but it is understood that he is making a hard fight in Salem. Whether he will win over there remains to be seen, but the friends of Mr. Tayler say they will have a solid delegation from Columbiana county for the present congressman. The delegates for each township will be chosen by the candidate carrying the township.

The polls will open at the usual hour in the afternoon, and will continue to receive votes until the customary hour in the evening.

Vote for J. F. Adams for auditor, primaries, tomorrow.

FAST DRIVING

Is Now Annoying Residents of Fourth Street.

The residents of the lower end of Fourth street are complaining because the fast drivers are now using their street for racing.

Every evening several races are held in the street, and last evening a child was run down but not seriously injured. It is probable the residents will ask that an officer be stationed in their part of the city until the practice is broken up.

CAME TOGETHER.

Two Wheelmen Went Down, but No One Was Hurt.

Early last evening a wheelmen came down Broadway and dashed into Fourth street just as a rider was moving quickly from Fourth to Broadway.

They came together with a crash, and both went down, but neither was hurt. Each picked himself up, said something under his breath and proceeded on his way.

J. F. Adams is efficient and accommodating. Vote for him at the primaries tomorrow.

If you have only \$1.50 to spend for a pair of shoes, then buy a pair of our \$2 dongola shoes, because you can buy them for \$1.50.

BENDHEIM'S.

Railroad Men Here.

S. F. Constans, traveling freight agent of the Frisco line, with offices in Pittsburg, was in the city yesterday. He secured a good amount of business, and left for the west last night. George Forrest, of the Flint and Marquette road, and Louis Koch, of the Chicago, Rock Island and Pacific road, were also in town. All the boys secured a fair amount of business.

THE LEADER.

Looking For a Buggy.

The police yesterday received a card from the authorities at New Castle, stating that a reward had been offered for the capture of a buggy stolen from that place last week. Nothing has been seen or heard of the vehicle in this section.

The Wells police thought they had a clue. Yesterday evening, but upon investigation found they were wrong.

WM. ERLANGER FOR MENS' WEAR, FIFTH AND WASHINGTON STREETS, EAST LIVERPOOL, OHIO.

NOBODY FAILED. WE DIDN'T BUY A \$50,000 STOCK FOR HALF ITS VALUE. NEW YORK ISN'T PANIC STRICKEN.

There's no lack of merit in the goods offered today. It is simply our Semi-Annual Clearance started a little earlier than usual, because increased business has necessitated increased buying which in turn has left us with more odds and ends to be disposed of, and so we start a clearance sale of all summer stock, and we propose to make a clean sweep.

CLOTHING AT THE COST OF THE CLOTH

The maker's profit, our profit, all goes toward, making the sale a success. The clearance positive and absolute.

Mens all wool suits, in neat cassimere, worsteds, and chevots, stripes, checks, plaids well made and lined, you may judge of the qualities, when we state that they are our seasons \$6, \$6.50 and \$7 grades, \$5.00 to be closed out for.....

TO BUSINESS MEN.

The combination prices of the NEWS REVIEW, advertisement in paper and bills from said advertisement, are cheaper than any other daily paper in the city, while the workmanship, material and inks made use of are incomparably superior to those of would-be competitors. Test the matter. We will prove the truth of our assertion.

Printed envelopes, either 6 or 6½ in size, at the NEWS REVIEW, from 95 cents per thousand and up, according to quality. We defy competition in workmanship or material.

LOCAL BREVITIES.

Joseph Gape left this morning for his home in Canton.

Large American flags have been raised at the Dresden and Burford potteries.

The carpenters union met last evening, but transacted no important business.

Workmen yesterday commenced grading Jackson street and it will be ready for paving in a few days.

Messrs. Morris and Boyd, of Pittsburg, who sang at the concert last evening, returned home this morning.

Professor Rayman returned last evening from Wheeling where he spent yesterday visiting the public schools.

The situation at the Kittanning pottery remains unchanged, and the strike is still on, both sides standing firm.

Ernest Puriton, who has been ill at his home on Ravine street, for some time with typhoid fever is improving.

A. D. Wilson has returned home after spending several days in the east in the interest of the Union pottery company.

The Wellsville road at Walker is being filled in with cobble stones, and if possible it will be put in fairly good condition.

Rumor has it that a well known drug clerk and an equally well known shoe man will each be provided with wives in the near future.

Business at the office of the township trustees is very slow, and it has been several days since they have had any new applicants for aid.

The work of grading Avondale street is progressing rapidly, and, contrary to expectations, the hill is not solid stone, but is very nice grading.

The roads leading out of the city are in first-class condition, and a large number of wheelmen will take trips on Sunday to Lisbon, Steubenville and Beaver.

Mr. and Mrs. John Morgan, who live on the Virginia side, opposite Washington street, last night entertained. A number of people from this city attended.

The order of Red Men last evening initiated two candidates and conferred the fifth degree upon a number of others. There was a large attendance at the meeting.

The case against Joseph Martin for non-support was heard last evening by Squire Hill. He was bound over to court in the sum of \$150 and is in jail awaiting bondsmen.

Constable Miller this morning served a notice on Thomas Cartwright to quit the premises of John D. McKinnon. The case was heard some time ago in the court of Squire Rose.

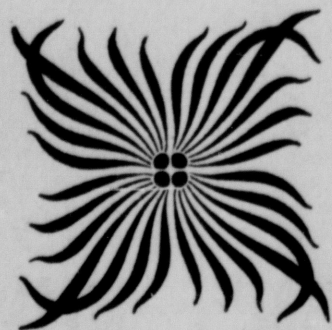

Mrs. Brindley, of Trentvale street, will leave on the 21st of this month for an extended visit with friends in London. Her son, Doctor Brindley, will go to Paris at the same time.

Mrs. George C. Murphy and daughters returned last evening from Richmond, Ind., where they spent several weeks. Mrs. Murphy's health was greatly benefited by the trip.

Heber Davidson and George Rigby, of this place, have received a challenge for a race from a Wellsville bicycle rider, and it was stated last night that arrangements are now being made for a race on July 4. The distance is to be five miles.

Since the Cleveland and Pittsburg road have dispensed with the water plug at the foot of Broadway the connection should be taken out and the hole filled. This morning the wooden door or cover was broken, and a brakeman attempt to get on a moving freight train at this point he would no doubt be seriously injured.
